*November 2023 Theme:
Kings of Judah (continued)*

We continue in our series of the Kings recorded in the Old Testament. Last month we saw more of David's reign and how his son Solomon succeeded him.

At the death of Solomon's there was revolt and the Kingdom was split into the Kingdoms of Israel and Judah. The northern Kingdom of Israel contained the city of Samaria and the southern Kingdom of Judah included the city of Jerusalem.

The Bible records 19 kings of Israel in the northern Kingdom – all of these kings were considered bad. Of the 20 kings in the southern Kingdom of Judah, only 8 were deemed to be good. This month will look at these good kings of Judah. We will end the month with the angel Gabriel's message to Mary concerning the Kingdom of Jesus that will never end (a great precursor ahead of Christmas!).
