*May 2022 Theme:
The Psalms (Book Two)*

This month we will be looking at all the psalms contained in Book Two of the collection of Psalms found in the Bible.

The second book consists of Psalms 42 through to 72. Here we see how God goes before us. In Psalm 51, we read of King David's famous confession of sin and pleading with the Lord to wash away his transgression and create in him a clean heart.

Like Book One, many of the Psalms are attributed to David but they also include psalms written by the descendants of Koreh, Asaph and Solomon. The Lord has used the writers to powerfully speak His Word to us and all generations.

- **Mon 30th May** **Psalm 71**
- **Tues 31st May** **Psalm 72**

SOAP is a way of reading your Bible and applying it.

SOAP stands for:

Scriptures – Read the scriptures and write down a verse or two that jumps out to you

Observations – What are your personal observations that you note from the scriptures?

Application – How does it apply to your everyday life?

Prayer – Pray these things over your life and the church
