*August 2022 Theme:  
Battles in the Bible*

This month we will be mainly be looking at some of the major battles in the Old Testament. There were some amazing and miraculous victories that God gave His people. There were also some defeats that would be a lesson for Israel if they disobeyed God and tried to do things outside of His directions.

When we seek to follow and serve the Lord then the enemy will always try to come against us and defeat us. We can call on the Lord for help and victory – we must remember that the battle is not ours but belongs to the Lord (2 Chronicles 20:15).

On the last day of our study we will see what the Apostle Paul tells the Ephesian believers about our spiritual battles and how we can use the spiritual armour and weapons God gives us to defeat our enemy.
